

Dear members,

Our AGM was held last month after Doug Jones's gripping history of the Northern Ireland Troubles which with the continual Media coverage were very much a part of all our lives when we were growing up, last century! Poor Doug had to compete with a speaker problem for which we have to apologise.

It was a pleasure to see so many of you there for his talk and our AGM and I am pleased to say that we were quorate, so all decisions made are confirmed. Thus, we were delighted to welcome Andrew Mason to join our committee and to welcome back Doug Jones, Andrew Collier and Laurence Parry to work with us again.

Some of you will know that Jaci Russell has had to stop holding her Dancercise Group meetings because of her health. Many of us have enjoyed her classes and thank her for all her efforts over the years. While we did re-elect her to the committee, she has given us three months' notice of her intention to quit as treasurer and **I must ask that anyone who might be interested in taking on the role steps forward and speaks to one of us for further information.**

I also have to announce that Lyn Irving is standing down from our committee we wish her well as she continues to recover from her operation and thank her for all her help since she joined us.

We do have the pleasure of announcing the appointment of Anne Davies as Membership Secretary and look forward to getting to know her as she settles into the role.

We have had a couple of brilliant sunny days and are assured that summer is coming, see you somewhere soon.

NEW FOR MAY – COFFEE MORNING @ THE SEABANK HOTEL

Following on from the success of the BAVO coffee mornings we’ve been holding throughout the year, we’re trialling a new venue which we hope will make parking easier. But this has no connection to BAVO, it’s a u3a initiative only.

Our first one is being held on Saturday 25th May - 10:30 -12:30

Tea/coffee and refreshments can be purchased from the Seabank.

The purpose is to give us a social space where we can all meet up for a chat with friends we don’t see in the groups, but also to invite neighbours, friends, family or anyone feeling lonely or isolated that you think would like to join us, no obligation to join our u3a, but all would be very welcome.

*****Please remember to enter your car registration number into the device on the desk at reception if you park in their car park. ***
(failing to register may result in a parking fine!)**

Interviewers Wanted!

Every year for the past few years a team of Porthcawl u3a volunteers has spent a morning in Porthcawl Comprehensive School giving the sixth form students mock interviews, something which the school greatly appreciates.

The students are in Year 12 (Lower 6th) and will soon be facing interviews for university, apprenticeships or employment. We can help them prepare for this very important stage in their lives by giving them the necessary skills and experience through mock interviews. Their own teachers could do this, but it is much more real if they are being interviewed by people from the outside world.

The interviews will not be job-specific but will consist of general questions such as “What have you achieved in your school life so far?” and “What personal qualities do you feel you have to achieve your ambitions?”. At the end of each interview we give them constructive feedback, in order to boost their confidence but also to make them aware of what areas they need to work on. The interviews last between 7 and 10 minutes.

Don’t worry if you’ve never carried out interviews before; they are more like conversations than interviews. Those who have done them in previous years will know how very rewarding they are. They will take place on **Tuesday 18th June between 9.00 a.m. and 12 noon**. If you like to take part this year, please contact me on 07761 498284 or email [malcolm](#). Your help will be greatly appreciated. *Thanks, Malcolm Cowper*

**TALK – MAY 8TH IN THE HI-TIDE
@ 2.15p.m.**

**Is being given by Geoff Henderson,
entitled:**

**'Gareth Jones, son of Barry, hero of
Ukraine'.**

Geoff enjoyed a fifty-year career in IT, and for his systems development work in British Steel in the 1960s he was named by the *Archive of IT* 'a significant figure in UK 20c IT history', but his life-long interests are Art and History.

**Gareth Jones, son of Barry,
hero of Ukraine'.**

Gareth Jones, a gifted linguist, was born of academic parents in Barry. Post university, he travelled widely, first as Lloyd George's foreign affairs advisor, then later as a journalist, working for numerous newspapers, including a spell at The Western Mail.

He fell afoul of the soviet regime when, in 1933, he exposed the extent of the famine in Ukraine. In 1935 he set off on a world tour, to include America, and large parts of Asia, including China and Mongolia, from which he never returned alive.

Coffee morning – BAVO

The final coffee morning at the YMCA was yet another successful event.

Over 75 people attended, consisting of old and new members, together with 7 people who requested a membership application. Great to see so much social interaction.

You can see on page 2, that following on from this success, we have decided to continue holding them in the Seabank Hotel, so please do support it, make it a regular entry in your diary and tell all your friends, family, and especially anyone that you think would benefit from a regular social interaction, we've always got room for more friendship. *Thanks Sally.*

*"The best things in life are coffee with friends, family, and laughter."
"A brain full of coffee and a heart full of love." "Good friends are like a good cup of coffee. They're warm, inviting, and always make you smile."*

Marcia Humphries kindly got permission from Winchester u3a allowing us to publish the article below.

Here's one I made earlier...

I am not an artist and certainly not an accomplished painter. However, earlier today I created the work of art shown here. Nobody helped me and it wasn't done with a Painting by Numbers set. Aren't I clever?

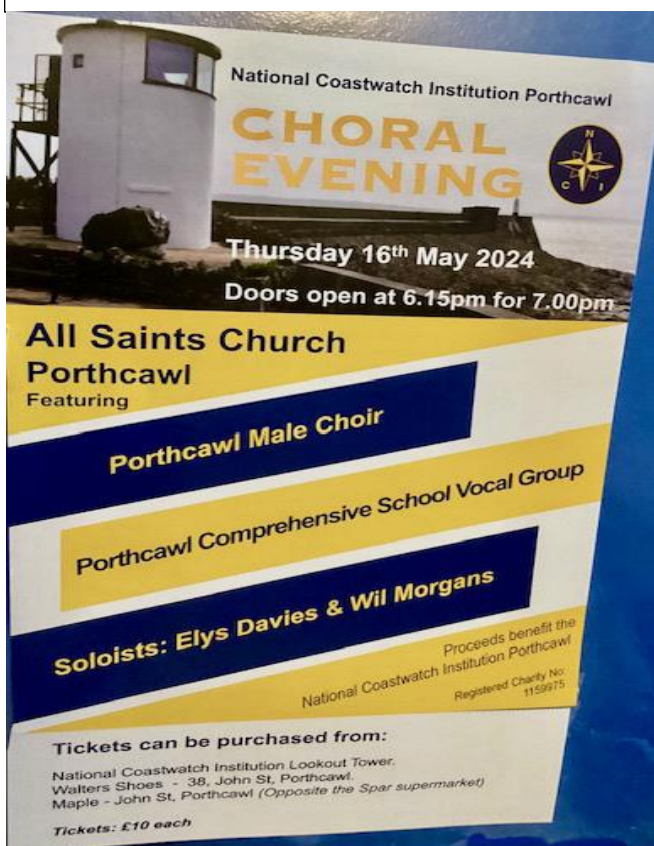

No. I used a Chatbot linked to a very powerful computer somewhere on the internet. I was inspired to do this by attending a u3a Zoom talk on Chatbots. (Yes, I didn't know what they were either until today!) I learnt that I could ask the Chatbot to do all sorts of things, like drawing a sketch of a red owl on a blue mushroom surrounded by flowers.

Tomorrow I'm zooming in on a lecture about Pleasure Gardens and Theme Parks. Amazing what one can learn, isn't it?

For those members with internet access, all these talks are available free of charge from the national u3a website. Go to u3a.org.uk, click on *Learn* and then scroll down to *Online learning events*. Push the *Browse events* button and look at the wide range of talks available over the next few weeks. Click on one that interests you and reserve your place using Eventbrite; they send you the zoom link a few days before the event.

Go on, have a look. You might find something just up your street.
